

## 理事長的話

各位會員您好！近日統計會員總數，近三年有繳會費之會員為 1,676 人，其中於這半年新入會的會員有 261 人，為了讓新會員對本會更加瞭解，特在本期「生化電子報」以中英文介紹學會。

「台灣生物化學及分子生物學學會」成立於 1970 年，第一屆理事會選舉中研院生化所籌備處主任蘇仲卿為理事長，其後都依會章選任理監事與理事長。在歷任理事長、秘書長及許多前輩先進的努力下，本學會不僅在台灣學界享有聲望，也積極參與國際學術聯盟，目前是 IUBMB (International Union of Biochemistry and Molecular Biology) 及 FAOBMB (Federation of Asian and Oceanian Biochemistry and Molecular Biology) 的正式會員。

本會每年 11 月舉辦「**生化學會秋令營**」，例如 2015 在“Biochemistry for a better life”的主題下，共有六個 scientific sessions: Biomaterials、Cancer、Epigenetics、Neuroscience、Protein structure and function、Stem cells，共計 17 場 PI 級特別演講、8 場學生/博後口頭報告、46 張壁報論文競賽。值得一提的是 2017 年「**生化學會秋令營**」將於 11 月 17 ~ 19 日(週五、六、日)於義守大學/義大世界舉行，本屆秋令營將邀請韓國及大陸學者與國內學者與同學進行學術交流及各種聯誼活動，敬請期待！本會每年 3 月與其他相關共九個學會共同舉辦「**生物醫學聯合年會**」，本會會員於 2017 生醫年會投稿總數為 195 篇(約佔所有投稿數 18%)，而 2018 生醫年會正在籌備中，敬邀國內各學術、研究單位青年學子(包括博士後研究員、博士班學生、碩士班學生、大學部學生及研究助理)共同參加並舉薦演講者。

「生化學會電子報」為每月一次發送給所有生化學會會員的 email 電子報，可以讓所有會員即時知道生化學會相關活動與訊息。生化學會年刊於每年 3 月份出刊，敬請支持！

「台灣生物化學及分子生物學學會」(網站 <http://www.tsbmb.org.tw>) 期望透過上述各項學術活動，促進生物化學各相關領域的學者與同學彼此交流，使資深學者能傳遞珍貴的教學研究經驗，讓年輕學子與學者有更多的動力來參與研究，能提供會員更好的服務、凝聚會員的向心力、促進學術交流、提升台灣生物化學及分子生物領域的學術水準。

## About The Taiwan Society for Biochemistry and Molecular Biology (TSBMB)

The Taiwan Society for Biochemistry and Molecular Biology (TSBMB) was established in 1970. The TSBMB aims at providing opportunities for close interactions among researchers in Taiwan and also with other international Biochemistry and Molecular Biology societies and networks. The society includes IUBMB (International Union of Biochemistry and Molecular Biology), FAOBMB (Federation of Asian and Oceanian Biochemistry and Molecular Biology) and all investigators on biochemistry and molecular biology from major research universities in Taiwan.

Every fall, we have annual meeting (**TSBMB Autumn Camp**) to present a world-class gathering and indepth discussion for research related to biochemistry and molecular biology. We invite speakers who are experts in the respective research area. We have the poster/short oral presentations for graduate students, postdocs and research assistants to compete for decent prizes. Every spring, we join the **Joint Annual Conference of Biomedical Science** with other sister societies to facilitate discussion among TSBMB members and with other researchers on basic and translational biomedical research. We also provide workshops of science communication to all levels of researchers.

### TSBMB Membership

The TSBMB membership is open to colleagues working on all aspects of biochemistry and molecular biology in Taiwan. The society currently has 1676 active and student members. Most of the members are from universities, research institutions, and biotech companies allocated in Taiwan. There are three types of TSBMB membership:

- Active Membership

Application is open to any person with a professional degree (PhD or MD) or its equivalent who has manifested a continuous interest in any discipline important to biochemistry and molecular biology.

\* An entrance fee of NT\$500; an annual fee of NT\$500.

- Student Membership

Application is open to students interested in research on biochemistry and molecular biology.

An entrance fee of NT\$100; an annual fee of NT\$100.

- 10-year Membership

Application is open to individual who has manifested a continuous interest in any discipline important to biochemistry and molecular biology as evidenced by work in the field, original contributions, and attendance at meetings holding by TSBMB.

\* An entrance fee of NT\$500; a 10-year fee of NT\$4000.

If you are interested in becoming a member of society, please visit us at [http://www.tsbmb.org.tw/html\\_zh/services.html](http://www.tsbmb.org.tw/html_zh/services.html) or download the membership application form at [生化學會申請表](#).
